Merit Badge Workbook

This workbook can help you but you still need to read the merit badge pamphlet.

This Workbook can help you organize your thoughts as you prepare to meet with your merit badge counselor. You still must satisfy your counselor that you can demonstrate each skill and have learned the information. You should use the work space provided for each requirement to keep track of which requirements have been completed. and to make notes for discussing the item with your counselor, not for providing full and complete answers. If a requirement says that you must take an action using words such as "discuss", "show", "tell", "explain", "demonstrate", "identify", etc, that is what you must do.

Merit Badge Counselors may not require the use of this or any similar workbooks.

No one may add or subtract from the official requirements found in Scouts BSA Requirements (Pub. 33216 - SKU 653801).

The requirements were last issued or revised in 2017 • This workbook was updated in June 2020. Scout's Name:_____ Counselor's Name: _____ Phone No.: ____ Email: ____ http://www.USScouts.Org • http://www.MeritBadge.Org Please submit errors, omissions, comments or suggestions about this workbook to: Workbooks@USScouts.Org Comments or suggestions for changes to the requirements for the merit badge should be sent to: Merit.Badge@Scouting.Org 1. Using x-ray (radiographic) films and with your counselor's guidance, study the tooth structure and look for decay. Then

- do the following:
 - a. Using the radiographs as a guide, draw a lower molar. Label its parts and surfaces. Show surrounding structures

| - | such as bone and gum tissues. |
|----|--|
| b. | Show on your drawing where the nerves and blood vessels enter the tooth. |
| C. | Show on your drawing where bacterial plaque is most likely to be found. |
| | |
| | |
